

WELCOME TO GENOME MEDICAL

Your doctor has referred you to Genome Medical. Our team is pleased to work with you to help with the following:

If you have recently had genetic testing with Circulogene, our experts can help you understand your results, as well as assess whether additional genetic testing may be helpful.

If you have not had genetic testing, our experts can help you assess whether you might benefit from testing, select the right test and integrate most appropriate results into your health management.

Your doctor has requested that you schedule an appointment at www.genomemedical.com/circulogene or call us at (877) 688-0992.

Consultations by phone or video with one of our genetic counselors can be set up at your convenience, often within 1-2 business days.

Appointment details:

Date _____ Time _____

Genetic counseling may be covered by your insurance plan. Please contact Genome Medical to discuss your specific case details. The majority of patients pay \$50 or less per consultation.

What to Expect During Your Appointment

During your appointment, you will meet with one of our licensed, board-certified genetic counselors via video or phone. Your genetic counselor will:

- learn what important health questions you have
- collect your personal and family medical history
- review any genetic testing that has been performed
- assess your risk for a variety of inherited conditions and
- review if and how genetic testing, or additional genetic testing, may help you answer your health questions

Useful Information for Your Appointment

If you have had genetic testing, please have a copy of your results available to provide to your genetic counselor. Prior to your initial consultation, you will be asked to complete a questionnaire about your personal and family health history and what health information you hope to learn from genetic counseling. It may be helpful to talk to other family members to better understand any health conditions in the family as well as the age that your relatives were diagnosed.

If you have any questions or need to change your appointment, our care coordination team is here to support you.
